

Moosic Lake Board Meeting

July 14, 2020. 6:00

1.) Environmental

- We discussed renting a dumpster for debris and old boats around the lakes- we can calculate fees for what is being dumped
- We then found out that Jefferson Township has a cleanup coming up in August
- Maggie will email information out to the community so they can use the township's clean-up dates
- Joe McGraw is still in favor of renting a dumpster - we could develop a chart for pricing for dumping particular objects ie; boats, TV's, garbage, etc.

2.) Trees - Beautification Project - Ruth Burke and Alison Mchale had a successful sale with a BOGO from a Hamlin nursery. They are willing to do it again in September - pre orders would be a great idea

3.) Adopt a Road Clean-Up - Ruth offered to map out the roads and give sections to members to pick up litter

4.) Japanese Knotweed is in Nicasastro's yard - this is a damaging species for the lake - this should be sprayed before it grows. There is more on the Pine Commons that should be sprayed - Joe will follow up

6.) Outlet weir -Maggie talked to Joe Spitzer - offered \$100.00 for work done on the grate by his friend

ROADS:

7.) S-Turn Project - Frank and Joe will take over for Kevin

Security -

8.) Tree cutting will start on Monday - speed limit signs needed on hill towards West Shore Drive

9.)Registration at the S Turn could be done on the weekend - handing out stickers for a few weekends

10.) Joe McGraw approached Glen Lesh about doing security for 10 hours a week, including on call time - police the Commons - Make sure boats have stickers - standing at the S Turn occasionally - Frank said anyone who does the job would have to be trained. We could pay for course work at Lackawanna Junior College for certification for insurance papers

11.)Common Rules - dogs are an issue - social distancing has to be respected

PENNSYLVANIA MANDATES:

12.) Water testing is fine - social distancing is being respected - Dan Farnham was at the lake today and his talking about goose droppings to keep waters clear

13.) Corona Virus - we will follow the governor's directive. Beach House rental are still restricted

14.) Goose Issues

GENERAL DISCUSSION:

15.) Gant Chart Information - Joe has started a chart so that transitions are easy for any board

16.) Rules and Regulations -

17.) Request for electric motors - violation of the deed covenant

18.) Tar and Chipping will be done based on costs of S Turn project - it can be done out of reserves or through the budget. Frank feels as though we should leave reserves alone.

19.) Borough of Dunmore, city of Scranton and Moosic are prohibiting ATV's from driving in to gas stations.

20.) AEC can come out on Saturday but would rather wait - Alison is going to have them come out anyway. Can they treat Japanese Knotweed?

August meeting date - Saturday August 29th - 10:00
